## NITRILE EXAM GLOVES

### POWDER FREE

These ambidextrous blue nitrile examination gloves with beaded cuff and textured fingers provide long-lasting comfort. Powder free and latex free, these gloves are a convenient alternative for anyone with skin sensitivities.

- 3 mil finger thickness
- Single use only
- Examination grade for veterinary use only
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	TYPE	COLOR	SIZE	QTY
21306635	Nitrile Exam Gloves	Powder Free	Blue	Small	100s
21306634	Nitrile Exam Gloves	Powder Free	Blue	Medium	100s
21306633	Nitrile Exam Gloves	Powder Free	Blue	Large	100s
21306636	Nitrile Exam Gloves	Powder Free	Blue	X-large	100s

## LATEX EXAM GLOVES

### POWDER FREE

These powder free latex exam gloves have excellent barrier properties combined with great fit and feel. The textured surface helps ensure a secure grip. Superior elasticity provides exceptional comfort and strength.

- 4.7 mil thickness
- Single use only
- Examination grade for veterinary use only
- Ambidextrous with beaded cuff
- Made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	TYPE	MATERIAL	SIZE	QTY
21305480	Latex Exam Gloves	Powder Free	Natural Latex	Small	100s
21305481	Latex Exam Gloves	Powder Free	Natural Latex	Medium	100s
21305482	Latex Exam Gloves	Powder Free	Natural Latex	Large	100s
21305483	Latex Exam Gloves	Powder Free	Natural Latex	X-large	100s

## SURGICAL FACE MASKS

Ideal for surgical procedures or general purposes, these surgical face masks create a protective barrier between patients and clinicians.

- Available in ear loop or tie-on options
- Optimal fit for comfort
- Breathable
- Made with polypropylene fabric
- Not made with natural rubber latex
- Non-sterile

**Ear loop masks are ASTM 1 rated for fluid resistance.**  
**Tie-on masks are not fluid resistant.**

MPN	DESCRIPTION	TYPE	THICKNESS	SIZE	QTY
21295056	Surgical Face Mask	Ear Loop	3-ply	One Size	50s
21295057	Surgical Face Mask	Tie-on	3-ply	One Size	50s

## SURGICAL GLOVES

### POWDER FREE

These surgical gloves are designed to go on with ease, providing long-lasting comfort while ensuring sterility.

- Fully anatomical design for an exceptional fit diminishes hand fatigue for longer wear
- Multi-layer coating used for ease of donning and double donning, wet or dry for advanced surgical protection
- Synthetic inner coating for wet or dry donning
- Micro-rough outer surface
- Easy-open foil packaging ensures confirmation of sterility and won't compromise the field when opening
- High cuff fold makes it easy to maintain sterile donning procedure
- Side panel dispensing box creates easy-pull accessibility to glove packages, with highly visible size indicator
- Sterile

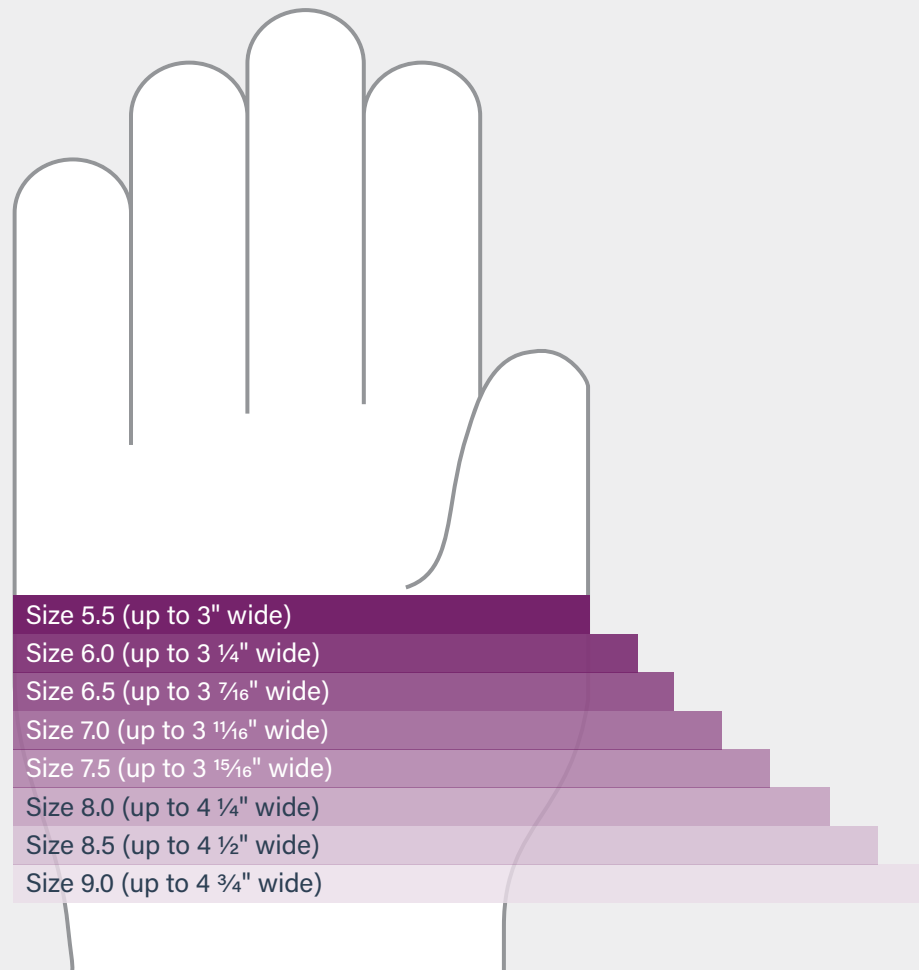

MPN	DESCRIPTION	TYPE	MATERIAL	SIZE	QTY
21294615	Surgical Gloves	Powder Free	Natural Latex	5.5	50s

## SURGICAL GLOVE SIZING

Place the widest part of your hand over the diagram below to determine what size to order.

The diagram can assist in determining the glove size that would best fit an individual. Please note with the variations in types of gloves, this is only a guide to help determine sizing.

## ELASTIC TAPE

Elastic tape is flexible and conforms to areas that are difficult to wrap. Its strong adhesive backing secures the wrap in place for long-lasting protection.

- 100% cotton cloth backing
- Durable zinc oxide adhesive
- Used to secure bandages and dressings
- Adheres to skin and hair
- This product contains dry natural rubber
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21300869	Elastic Tape	2" x 5 Yds	6s
21300930	Elastic Tape	3" x 5 Yds	4s
21300931	Elastic Tape	4" x 5 Yds	6s

## POROUS TAPE

Porous tape is strong and durable, making it ideal for injuries which require extra support or positioning. This breathable material allows perspiration to escape, preventing excess moisture build-up.

- 100% cotton
- Serrated edges for easy tearing
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21300865	Porous Tape	1/2" x 10 Yds	24s
21300866	Porous Tape	1" x 10 Yds	12s
21300868	Porous Tape	2" x 10 Yds	6s

# FLUID ADMINISTRATION THAT MOVES THE NEEDLE.

From non-DEHP, kink-resistant tubing on primary, extension and ancillary sets to medical-grade needles and syringes, Pivetal fluid therapy line was built on strict manufacturing standards. These high-quality products meet industry standards with uniform color-coding for easy identification and have other unique characteristics to complement veterinarians' needs.

Make the best choice for your patients by choosing Pivetal.

### BULBS

These bulbs are designed to fit illuminators, laryngoscopes, ophthalmoscopes, otoscopes, and transilluminators.

- Bright output
- Uniform lighting
- Compatible with several Welch Allyn examination lights

MPN	DESCRIPTION	WELCH ALLYN COMPATIBILITY	SIZE	LAMP TYPE	QTY
21296402	Ophthalmoscope Replacement Bulb	#03000	3.5 V	Halogen	1
21296550	Otoscope Replacement Bulb	#03100	3.5 V	Halogen	1
21296551	Laryngoscope Replacement Bulb	#04700	2.5 V	Vacuum	1
21296552	Laryngoscope Replacement Bulb	#04800	2.5 V	Vacuum	1
21296553	Ophthalmoscope Replacement Bulb	#04900	3.5 V	Halogen	1

### RECHARGEABLE BATTERY

Rechargeable batteries are intended for use in diagnostic power handles.

- Long-lasting battery life
- Compatible with several Welch Allyn power handles

MPN	DESCRIPTION	MATERIAL	WELCH ALLYN COMPATIBILITY	SIZE	TYPE	QTY
21296403	Rechargeable Battery	Nickel-Cadmium	#72000	2.5 V	Power Handle	1
21296404	Rechargeable Battery	Nickel-Cadmium	#72200	3.5 V	Power Handle	1
21296405	Rechargeable Battery	Nickel-Cadmium	#72300	3.5 V	Power Handle	1

### CONFORMING STRETCH GAUZE

Conforming stretch gauze is used to address swelling and can also be used as a secondary bandage, providing light compression to the affected area.

- 1-ply
- 4 yards per roll
- Polyester
- Low-linting
- Stretch memory
- Self-adherent properties
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21295032	Conforming Stretch Gauze Bandage	1-ply	2" x 4 Yds	12s
21295033	Conforming Stretch Gauze Bandage	1-ply	3" x 4 Yds	12s
21295034	Conforming Stretch Gauze Bandage	1-ply	4" x 4 Yds	12s

### COTTON BALLS

Cotton balls are made from 100% soft, absorbent cotton for general use purposes.

- For use with cleaners or flushes to wipe outer ear canal
- For use in ears to reduce noise exposure during grooming
- To pack ears to keep free of water during bathing
- To wipe around ears, eyes, and nose
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21294626	Cotton Balls	1-ply	Large	1000s
21294627	Cotton Balls	1-ply	Medium	2000s

### COTTON ROLL

Cotton rolls are made from 100% bleached cotton, which is ideal for cleaning wounds, applying topical medications, or adding additional padding in bandages. Cotton rolls are lined with paper, making for easy unrolling.

- Easy to unwind
- Short fibers for simple tearing
- Ultra-absorbent
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21295076	Cotton Roll	1 lb	1

### COTTON TIPPED APPLICATORS

Cotton tipped applicators feature highly absorbent, 100% cotton tips which are ideal for applying ointments to wounds.

- Strong, wood shaft resists breakage
- Manufactured to uniform length and shape
- Tip size is convenient for intra-aural cleaning
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21295054	Cotton Tipped Applicator	6"	1000s

### ECONOMY GAUZE SPONGES

Economy gauze sponges are made from 100% woven cotton for cleaning and prepping areas, dressing wounds, or wicking.

- Lightweight
- No raw edges to reduce unraveling
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21295005	Economy Gauze Sponge	12-ply	3" x 3"	200s
21295006	Economy Gauze Sponge	12-ply	4" x 4"	200s

### GAUZE BANDAGE ROLLS

Gauze bandage rolls have an open-weave design for use as a primary dressing or for added support and security as a secondary dressing.

- Non-stretch
- Ribbon-cut edges reduce handling tearing
- Increased crimps for added cushion
- Fast wicking for optimal absorption
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21295008	Gauze Bandage Rolls	2-ply	1" x 5 Yds	12s
21295009	Gauze Bandage Rolls	2-ply	2" x 5 Yds	12s
21295030	Gauze Bandage Rolls	2-ply	3" x 5 Yds	12s
21295031	Gauze Bandage Rolls	2-ply	4" x 5 Yds	12s

### LAPAROTOMY SPONGES

Lap sponges are made of highly absorbent, pre-washed cotton for maximum absorbency. Each sponge has a 7" reconciliation loop and contains a blue, barium sulfate filament for enhanced visibility in X-rays.

- X-ray detectable
- Pre-washed
- De-linted for optimal cleanliness
- Low particulate count
- Not made with natural rubber latex
- Sterile

MPN	DESCRIPTION	SIZE	QTY
21295053	Laparotomy Sponges	18" x 18"	5s

### NON-WOVEN GAUZE SPONGES

Non-woven gauze sponges have highly absorbent fibers for superior performance when packing or dressing wounds.

- Low-linting for contamination
- No raw edges to reduce unraveling
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21295037	Non-woven Gauze Sponge	4-ply	2" x 2"	200s
21295039	Non-woven Gauze Sponge	4-ply	3" x 3"	200s
21295051	Non-woven Gauze Sponge	4-ply	4" x 4"	200s

### WOVEN GAUZE SPONGES

Woven gauze sponges are ideal for an array of general purpose uses, including dressing and packing wounds.

- 100% cotton
- Available in 8-ply and 12-ply
- Highly absorbent
- Folded design minimizes loose threads and lint
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	THICKNESS	SIZE	QTY
21295035	Woven Gauze Sponge	12-ply	2" x 2"	200s
21295038	Woven Gauze Sponge	12-ply	3" x 3"	200s
21295050	Woven Gauze Sponge	12-ply	4" x 4"	200s
21295052	Woven Gauze Sponge	8-ply	4" x 4"	200s

### FECAL FLOATATION DIAGNOSTIC KIT

Fecal floatation devices simplify fecal collection and testing.

- Detect various parasites
- Simple and hygienic collection of stool samples
- Use for collection and examination
- Device holds floatation solution without spillage or leaking
- Kit includes convenient dispensing box

MPN	DESCRIPTION	QTY
21295393	Fecal Floatation Diagnostic Kit with Dispensing Box	50s
21295394	Fecal Floatation Diagnostic Refill	50s

**BONUS!** Each Pivetal Fecal Floatation box includes an attached instructions-for-use pad.

### URINALYSIS TEST REAGENT STRIPS

Urinalysis test reagent strips are designed to measure both qualitative and semi-qualitative results of in vitro components. Parameters include ascorbic acid, bilirubin, blood, glucose, ketones, leukocytes, nitrites, pH, proteins, specific gravity, and urobilinogen.

- Rapidly identifies 11 analytes
- Color-coded for precision and to ensure continuity
- No additional instrumentation needed
- 100 strips per bottle
- 24-month shelf life with proper storage

MPN	DESCRIPTION	ANALYTES	QTY
21295395	Urinalysis Reagent Test Strips	11	100s

**IMPORTANT**

**FOR PROPER STORAGE,** immediately close cap when in not use. Isolate from moisture, light, and high temperatures in order to preserve the reaction activity of the reagent. Store between 2°C-30°C (35.6°F – 86°F) in dry conditions. A moisture-free environment is crucial to product longevity. Keep away from refrigeration and direct sunlight.

### RAPID DIFFERENTIAL STAINS

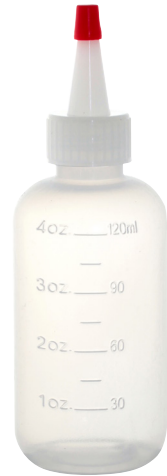

Rapid differential stains are used as a diagnostic aid to pigment peripheral blood smears, cytopspins, and tissue samples. Also intended for quick, accurate assessment for adequacy of lymph node imprints and other tissues when preparing for fine needle aspirations (FNAs).

- Also stains microorganisms and spermatozoa
- Flexibility of a 3-5 second dip-staining sequence
- Includes fixative, eosin, and counterstains
- Similar coloration to the traditional Wright-Giemsa stains
- Available as a 3-step introductory kit, refill kit or sold individually
- 24-month shelf life with proper storage

MPN	DESCRIPTION	STAIN TYPE/COLOR	SIZE	QTY
21305964	Rapid Differential 3-Step Stain Kit	Light Blue, Red, Dark Blue	120 mL	3
21305965	Rapid Differential 3-Step Refill Kit	Light Blue, Red, Dark Blue	500 mL	3
21305966	Rapid Differential #1 Fixative Stain	Light Blue	500 mL	1
21305967	Rapid Differential #2 Eosin Stain	Red	500 mL	1
21305968	Rapid Differential #3 Counterstain	Dark Blue	500 mL	1

### BOSTON ROUND BOTTLES WITH YORKER CAPS

Boston Round Bottles are made of clear, flexible plastic and feature twist-off Yorker caps with pre-cut dropper tips. These convenient, multi-purpose bottles are ideal for storing and dispensing liquid medications that should be accurately measured and dispensed with precision.

- 0.30" orifice
- Graduated lines for easy measurement (excludes 1/4 oz size)
- Squeezable for convenient dispensing of solutions
- Low density polyethylene (LDPE) plastic
- Recyclable
- FDA compliant resin

MPN	DESCRIPTION

## PRESCRIPTION VIALS

These pill vials are designed to store and preserve patient medications. All vials are USP tested to protect against UV lighting and are moisture resistant. Vials have a smooth outer surface for labeling. **Each cap style offers unique benefits for safety, identification, and ease of use.**

### POP-TOP

Squeeze-to-open vials allow for quick, convenient dispensing.

- Available in opaque green only

### PUSH & TURN CAPS

Child-resistant, push and turn option

- Available in amber and cobalt blue
- 6-dram only

### REVERSIBLE CAPS

Reversible cap vials offer a child-resistant or non-child-resistant accessibility depending on client needs. Excludes 6-dram vials.

- Available in three colors: amber, cobalt blue, and green

### THUMB-TAB CAPS

Thumb-tab caps provide versatility between child-resistant or easy-open twist top closures in one click.

- One-click cap closure
- Available in opaque red only

**VETERINARY IMPRINTED CAPS** for easy differentiation from human medication.

### KENNEL PADS

These disposable kennel pads are designed with highly effective antibacterial SAPs (superabsorbent polymers) that lock in wetness and prevent leaking.

- Adhesive tabs keep pads from shifting
- Soft to the touch
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21294591	Kennel Pads	23" x 36"	25s

### SURGICAL DRAPES

These non-woven, disposable surgical drapes are used to isolate the surgical site from other areas of the patient's body and non-sterile areas in order to reduce the risk of surgical site infections (SSI).

- Strong and flexible
- Latex-free
- Autoclavable
- Non-sterile

**Blue Ahlstrom material provides a microbiological barrier to help protect against hospital acquired infections (HAI).**

MPN	DESCRIPTION	MATERIAL	SIZE	QTY
21294628	Disposable Drape Rolled	Blue Sontara	38" x 100 Yds	1
21294549	Disposable Drape Rolled Linen	Blue Ahlstrom	38" x 100 Yds	1

### TONGUE DEPRESSORS

Tongue depressors are designed for multi-purpose use like topical applications of medicine and oral patient exams.

- Splinter-free
- High-quality birchwood blades
- Not made with natural rubber latex
- Non-sterile

MPN	DESCRIPTION	SIZE	QTY
21295055	Tongue Depressor	6"	500s

## PREMIUM X-RAY APRONS & ACCESSORIES

### LEAD-FREE

These lead-free X-ray aprons and accessories, including full-coverage or open-palm mitts and MagnaGuard™ thyroid collars, offer protection from occupational hazards.

- Offers 0.5 mm of lead-equivalent protection
- Lead-free apron is half the weight of a standard apron, maximizing comfort
- Adjustable cross-back straps for lower lumbar support
- Detachable MagnaGuard™ thyroid collar for neck and sternum protection (also sold separately)
- UltraFlex™ antibacterial, impermeable fabric
- Velcro-free for easy cleaning; minimizes transmission of hospital acquired infections (HAI)

## STANDARD X-RAY APRON

### LEAD

This X-ray apron offers protection from occupational hazards while increasing comfort.

- Offers 0.5 mm of lead protection
- 2" adjustable belt for optimal comfort and fit
- Detachable MagnaGuard™ thyroid collar neck and sternum protection
- UltraFlex™ antibacterial, impermeable fabric
- Velcro-free for easy cleaning; minimizes transmission of hospital acquired infections (HAI)
